1741.01 DECLARATION OF NECESSITY

It is hereby determined and declared as a matter of legislative finding, that the inadequate provisions for light and air, insufficient protection against fire, unsanitary conditions, improper heating, overcrowding, dilapidation and disrepair of buildings, structures, dwellings and premises, and the use and occupancy or existence of buildings, structures and dwellings unfit for use, occupancy or human habitation in the City of Allentown endanger the health, safety, morals and welfare of the community, and that transfers and leases of substandard buildings, structures and premises to transferee and lessees who are unaware of, or unconcerned with, such conditions often create unwarranted delays in correcting such conditions dangerous to the health, safety, needs and welfare of the community; and that the establishment maintenance of proper residential and non-residential standards and procedures for requiring the inspection, rehabilitation, repair, abatement of nuisances or compulsory demolition of buildings, structures and housing are essential to the public health, safety and welfare. (12199 §2 8/4/76)

1741.02 TITLE

This Title Five of Part Seventeen of the Codified Ordinances shall be known as the Property Rehabilitation and Maintenance Code, and is hereinafter referred to as "this Code". The minimum standards as set forth herein shall apply to all buildings, structures and properties within the City. (12199 §100.1 8/4/76)

1741.03 PURPOSE

The purpose of this Code is to protect the public health, safety and welfare in buildings and on the premises as herein-after provided by:

1. Establishing minimum standards for basic equipment and facilities for light, ventilation, space heating and sanitation; for safety from fire; for space, use and location; for safe and sanitary maintenance; and for cooking equipment in all structures now in existence;

2. Fixing the responsibilities of owners, operators and occupants of all structures;
3. Providing for administration, enforcement and penalties (12199 §100.2 8/4/76)

1741.04 MATTERS COVERED

The provisions of this Code shall apply to all structures and premises, which are now or may become in the future, substandard with respect to: structure, premises, protection against fire hazard, equipment or maintenance, inadequate provisions for light and air, lack of proper heating, unsanitary conditions, overcrowding or other conditions which may be deemed to constitute a menace to the safety, health or welfare of their occupants, except as provided herein. The existence of such conditions, factors or characteristics adversely affects public safety, health and welfare and leads to the continuation, extension and aggravation of urban blight. Adequate protection of the public, therefore, requires the establishment and enforcement of these minimum standards. (12199 §100.3 8/4/76)

1741.05 TRAVEL TRAILERS AND MOBILE HOMES

I. Any owner, owner's agent, lessee, mortgagee or mortgagor of any dwelling, building, or structure may request the public officer to make an inspection of the premises. If the public officer in his discretion deems an inspection is warranted, such inspection will be made upon receipt of an inspection fee in the amount which shall be fixed from time to time by regulations.

J. The public officer shall issue a letter or certificate of compliance, notice of violation or refusal of inspection within fifteen (15) days of a request for an inspection. (12199 §100.10 8/4/76)

Except as provided herein compliance with the notice of violation shall not be required during the time an appeal is pending before the Property Rehabilitation and Maintenance Code Board of Appeals or the Court of Common Pleas of Lehigh County. (12554 §1 5/4/83)

B. The Property Rehabilitation and Maintenance Code Board of Appeals shall be a body of five (5) members, one (1) of whom shall be from the minority community of Allentown and two (2) alternate members, all of whom shall be appointed by the Mayor with the advice and consent of Council. A member or alternate member shall serve a term of three (3) years from the time of his appointment or reappointment or until his successor shall take office. Alternate members may be requested to attend meetings in absence of a regular member and shall have all the powers of a regular member at such meetings. The Board shall have the following powers:

1. To adopt and administer the rules of procedure regarding its organization, officers, times and places of meetings, conduct of meetings and other legal procedures relating to the hearing and determination of appeals and other matters within the Board's jurisdiction;

2. To hear and decide appeals where it is alleged there is error in any order, requirement, decision or determination made by the public officer in the enforcement of the provisions of this Code or any other City Ordinance that has a relationship to the establishment and maintenance of proper standards, including, but not limited to, fire prevention, health or buildings;

3. To modify any notice of violation or order and to authorize a variance from the terms of this Code when because of special circumstances, undue hardship would result from literal enforcement, and where such variance substantially complies with the spirit and intent of the Code;

The Board may reverse or affirm wholly or partly, or may modify the order, requirement, decision or determination appealed from and may make such order, requirement, decision or determination

Property Rehab

as justice would require, and, to that end, shall have all the powers of the public officer; provided, however, that the Property Rehabilitation and Maintenance Code Board of Appeals, in its determination, shall be bound by this Code and shall not ignore the clear provisions and intent of this Code. (12554 §1 5/4/83)

C. Whenever the public officer finds that there exists any violation of this Code which creates an emergency requiring immediate correction to protect the health or safety of any occupant of a dwelling or the public he may issue a notice of violation stating the facts which constitute the emergency and requiring necessary action to be taken immediately. Any person to whom such notice is directed shall comply immediately, even though an appeal is taken to the Property Rehabilitation and Maintenance Code Board of Appeals or the Court of Common Pleas. Any person aggrieved by such notice of violation may appeal to the Board, as provided in this Code and the Board shall give priority to such appeal. (12554 §1 5/4/83)

D. Any person, including the public officer for the City, aggrieved by any decision of the respective Board, may appeal to the Court of Common Pleas of Lehigh County. Such petition shall be presented to the Court of Common Pleas and a notice thereof must be given to the appellee within thirty (30) days after the filing of the decision in the office of the Board. (12554 §1 5/4/83)

E. If no appeal is pending, within five (5) days after the expiration of the time for compliance as stated on the notice of violation or any decision by the Property Rehabilitation and Maintenance Code Board of Appeals or Court of Common Pleas, the public officer shall reinspect to determine compliance. If the violation has not been corrected, the public officer shall institute prosecution for the violation; provided, however, the public officer may extend the time of compliance specified in any notice or order where there exist reasonable conditions which prevent early compliance or would work a hardship; provided, further, that there is clear evidence of an actual undertaking to comply with the order within a reasonable time period together with a bona fide intent to comply. (12554 §1 5/4/83)

F. Every notice of violation, and all records of all proceedings occurring subsequent to the notice of violation and until the final disposition of the matter outlined in the notice of violation shall be public and available for inspection; provided, however, that the public officer may prescribe reasonable regulation regarding the time and manner of inspection.(12554 §1 5/4/83)

1741.15 CORRECTIVE ACTION

A. When, upon reinspection after the expiration of the time for compliance, the public officer finds that the violation has not been corrected, he is authorized to cause such dwelling, dwelling unit, rooming unit, building, structure or other part of the premises to be repaired, altered, demolished, improved, vacated, or closed. Notices and orders issued pursuant to this Section shall be served in the same manner as notices of violation.

B. Whenever, upon initial inspection or reinspection the public officer finds that any dwelling, dwelling unit, rooming unit, building, structure or premises constitutes a serious hazard to the health or safety of the occupants or to the public because it is dilapidated, unsafe, unsanitary, unhealthful, vermin infested or lacking in facilities required by this Code, he shall designate such dwelling, dwelling unit, rooming unit, building, structure or premises as unfit for human habitation or use and shall cause to be posted on the main entrance area of the dwelling, dwelling unit, rooming unit, building, structure or premises so closed, a placard with the following words: "This premise is unsafe for use or human habitation; the use and occupancy of this premise for human habitation is prohibited and unlawful."

C. If the premises so designated are occupied, the public officer shall order such premises vacated and shall prescribe a reasonable time for compliance. A vacant premise which has been designated as unsafe for human habitation and which has been placarded as such, shall not be used again for human habitation or use until written approval is secured from the public officer and the placard is removed by the public officer. Where the conditions causing said designation present a potential fire hazard or unsanitary condition, the public officer may include in said order a requirement that all flammable or unsanitary materials including but not limited to personalty such as furniture and clothing be removed from the premises. The public officer shall rescind the designation as unsafe for human habitation or use and shall remove the placard when he finds that the defect or condition has been removed or eliminated and that the dwelling, dwelling unit or rooming unit is a fit place or unit for human habitation. No person shall remove or deface the placard from any premises which has been designated as unsafe for human habitation and has been placarded as such. (12199 §100.15 8/4/76 (14219 §1 10/21/04; 14224 §1 10/21/04)

D. Whenever the public officer finds that any premises constitute a public nuisance, he shall serve notice thereof to the owner. Such notice shall indicate the manner in which, and the time by which, the public officer or the City intends to demolish, repair, alter or improve the premises. Unless an emergency exists, the public officer or the City shall not undertake corrective action thirty (30) days from the time such notice is served. A notice that the City intends to undertake corrective action shall be served in the same manner as a notice of violation; provided, however, that such notice shall also be posted in a conspicuous place upon the premises. If at the expiration of the specified time period, the required corrective action has not been completed, the public officer of the City may undertake such corrective action to abate the declared public nuisance without further notice.

Nothing contained herein shall be construed to limit the power of the public officer or the City to take immediate corrective action to abate a hazardous condition without serving notice thereof, where there exists any violation of this Code which creates an emergency requiring immediate correction to protect the health or safety of any occupant of a dwelling, building or structure, or of the public. (12244 §1 4/6/77)

E. Where the public officer or the City takes corrective action to abate a public nuisance, the cost thereof, including any labor or materials supplied by the City, shall be charged to the owner and shall constitute a municipal lien against the real property upon which such cost was incurred. The Bureau of Law promptly shall file such lien and shall make every effort to collect it within six (6) months of the recorded date. If the corrective action involves the removal or demolition of any structure, the public officer may sell the materials thereof by public sale and any amounts realized shall be credited against the cost of the corrective action, and any balance remaining shall be deposited with the City Treasurer in the name of the owner of record. In the event of dispute regarding the proper distributees of such balance, such account shall be disbursed to the persons found to be entitled thereto by final order or decree of the Court of Common Pleas of Lehigh County, and any City expenses incurred for legal fees or court costs may be charged against such balance. The City will add an administrative fee of Fifty (\$50) Dollars minimally, to each bill incurred, as a result of non-compliance with a public nuisance order. (13332 §1 5/18/95)

F. Any party in interest affected by any notice or order issued pursuant to this section may within thirty (30) days of the service thereof, appeal in accordance with the procedures outlined herein. Except in the case of emergency, corrective action shall be stayed during the time an appeal is pending before the Review Board(s) or the Court of Common Pleas of Lehigh County. (12199 §100.15 8/4/76)

1741.16 RULES AND REGULATIONS

The public officer is authorized to make and adopt such written rules and regulations as may be necessary for the proper enforcement and administration of this Code. Such rules and regulations shall not be in conflict with the provisions of this Code nor with any other ordinance of the City, nor with any law of the Commonwealth of Pennsylvania, nor shall they have the effect of waiving any provisions of this Code or any other ordinance. (12199 §100.16 8/4/76)

1741.17 ADMINISTRATIVE LIABILITY

1759.01 PURPOSE

The purpose of this ordinance and the policy of the City of Allentown shall be to protect and promote the public health, safety and welfare of its citizens, to establish rights and obligations of owners and occupants relating to residential rental units in the City and to encourage owners and occupants to maintain and improve the quality of rental housing within the community. As a means to these ends, this ordinance provides for a systematic inspection program, registration and licensing of residential rental units, and penalties.

In considering the adoption of this ordinance, the City makes the following findings:

1. There is a growing concern in the community with the general decline in the physical condition of residential rental units;
2. City records indicate there is a greater incidence of problems with the maintenance and upkeep of residential properties which are not owner occupied as compared to those that are owner occupied;
3. City records indicate there are a greater number of disturbances at residential rental units than all other properties combined; and
4. City records indicate that violations of the various codes are generally less severe at owner-occupied units as compared to residential rental units.

1759.02 DEFINITIONS

The following definitions are hereby added to Section 1742.03 -- Definitions.

Codes means any state or local code or ordinance adopted, enacted or in effect in and for the City of Allentown including, but not limited to, the Building Officials and Code Administrators International, Inc. (BOCA) Basic Building Code, BOCA International Plumbing Code, BOCA International Mechanical Code, National Electrical Code, BOCA Fire Prevention Code, Property Rehabilitation and Maintenance Code, Zoning Ordinance, Solid Waste Ordinance, Residential Recycling Ordinance, and general nuisance ordinances.

Disruptive Conduct means any form of conduct, action, incident or behavior perpetrated, caused or permitted by any occupant or visitor of a residential rental unit that is so loud, untimely (as to hour of the day), offensive, riotous, or that otherwise disturbs other persons of reasonable sensibility in their peaceful enjoyment of their premises, or causes damage to said premises such that a report is made to or by a Police Officer and/or a Public Officer complaining of such conduct, action, incident, or behavior. It is not necessary that such conduct, action, incident or behavior constitute a criminal offense, nor that criminal charges be filed against any person in order for said person to have perpetrated, caused or permitted the commission of disruptive conduct, as defined herein. Provided, however, that no disruptive conduct shall be deemed to have occurred unless a Public Officer or a Police Officer shall investigate and make a determination that such did occur, and keep written records, including a Disruptive Conduct Report, of such occurrences. The tenant and the owner, operator, responsible agent or manager shall be notified of any such occurrences, in writing. (14435 §1 11/7/06)

Disruptive Conduct Report means a written report of disruptive conduct on a form to be prescribed therefor, to be completed by a Police Officer or a Public Officer, as the case may be, who actually investigates an alleged incident of disruptive conduct and which shall be maintained by the Department of Community Development.

Residential Rental License means a document issued by the Department of Community Development to the owner, operator, responsible agent or manager of a residential rental unit upon correction of all applicable code violations granting permission to operate a residential rental unit in the City of Allentown. Such license is required for lawful rental and occupancy of residential rental units under this Article, unless a Public Officer has not inspected the unit or violations of the applicable codes are being corrected and the unit operates under a Residential Rental Registration, or the residential rental unit is exempt from the license provisions of this Article.

Residential Rental Registration means the document issued annually for a fee by the City of Allentown to the owner, operator, responsible agent or manager of a residential rental unit evidencing the existence of said residential rental unit. This registration shall be required until the Public Officer inspects the unit and issues a Residential Rental License. A Residential Rental Registration shall be required for lawful rental and occupancy of residential rental units under this Article, unless a Public Officer has inspected the residential rental unit and has issued a Residential Rental License or the residential rental unit is exempt from the registration provisions of this Article. This registration does not warrant the proper zoning, habitability, safety, or condition of the residential rental unit in any way.

Residential Rental Unit means a rooming unit or a dwelling unit let for rent, or an other-than-owner-occupied residential unit. A residential rental unit shall not include a hotel unit. A residential rental unit includes dwelling units under lease-purchase agreements, or long-term [greater than six (6) months] agreements of sale.

No Residential Rental Registration or Residential Rental License shall be issued to any residential rental unit owned or operated by a person residing outside the County of Lehigh unless there is provided to the Department of Community Development the name, mailing address and telephone number of a designated responsible agent residing or working within the County of Lehigh, authorized to accept service of process on behalf of the legal owner of said residential rental unit. For the purpose of this section, a post office box is not acceptable for the responsible agent's address.

This designation shall not be valid unless signed by the owner/operator and the responsible agent designated to act on behalf of the absentee owner/operator. The absentee owner/operator shall be required to notify the Department of Community Development within thirty (30) days of any change in responsible agent.

Owners or operators residing outside the County of Lehigh but within a ten (10) mile radius of Allentown City Hall and meeting the following criteria shall be exempt from naming a designated responsible agent:

The owner, operator or manager must correct any code violations cited between the five (5) year full inspections within thirty (30) days.

B. Occupant Duties: The occupant(s) shall comply with all obligations imposed unto by this Article and all applicable codes and ordinances of the City of Allentown, as well as all State laws and regulations. Included among the City ordinances is the requirement that all occupants moving into a residential rental unit obtain a moving permit before they take occupancy.

The occupant(s) shall conduct themselves and require other persons, including but not limited to, guests on the premises and within their residential rental unit with their consent, to conduct themselves in a manner that will not disturb the peaceful enjoyment of the premises by others and that will not disturb the peaceful enjoyment of adjacent or nearby dwellings by people occupying the same.

Police Officers or Public Officers shall investigate alleged incidents of disruptive conduct. They shall complete a Disruptive Conduct Report upon a finding that the reported incident constitutes disruptive conduct as defined herein. The information filed in said report shall include, if possible, the identity of the alleged perpetrator(s) of the disruptive conduct and all other obtainable information, including the factual basis for the disruptive conduct described on the prescribed form. A copy of the disruptive conduct report shall be given or mailed to the occupant and mailed to the owner, operator, responsible agent or manager within ten (10) working days of the occurrence of the alleged disruptive conduct.

The occupant or the owner, operator, responsible agent or manager shall have ten (10) working days from the date of receipt of a Disruptive Conduct Report to appeal the contents of said Disruptive Conduct Report. The appeal shall be made in writing and submitted to the Department of Community Development. An appeal of the third Disruptive Conduct Report within a twelve (12) month period shall stop the eviction proceedings against the occupants until the appeal is resolved, only if the eviction proceedings were a direct result of the third Disruptive Conduct Report.

After three (3) disruptive conduct incidents in any twelve (12) month period by an occupant documented by Disruptive Conduct Reports, the owner, operator, responsible agent or manager shall have ten (10) working days from the date of his/her receiving the notice to begin eviction proceedings against the occupants. Failure to take such action will result in the immediate revocation of the Residential Rental Registration or Residential Rental License. The residential rental unit involved shall not have its Residential Rental Registration or Residential Rental License reinstated until the reinstatement fee is paid and the disruptive occupants have been evicted, the Magistrate has ruled in the occupant's favor, the Magistrate has ruled in the owner's favor but has not ordered the eviction of the occupant(s), or the occupants have filed an appeal to a higher court or declared bankruptcy, thereby preventing their eviction. The disruptive occupants, upon eviction, shall not re-occupy any residential rental unit on the same premises involved for a period of at least one (1) year from date of eviction. This paragraph is not intended to limit or inhibit the owner, operator, responsible agent or manager's right to initiate eviction actions prior to the third disruptive conduct incident.

The content of the Disruptive Conduct Report shall count against all occupants of the residential rental unit. More than one (1) Disruptive Conduct Report filed against the occupants of a residential rental unit in a twenty-four (24) hour period shall count as a single Disruptive Conduct Report for the purpose of the preceding paragraph.
