### 3 Subgrantee Information

#### Instructions

Complete this table for all subgrantees and contractors receiving HPRP funds.

- Please complete it for all "first-tier" subgrantees only. That is, subgrantees of subgrantees or vendors hired by a subgrantee do not need to be reported on this screen.
- If a metropolitan city or urban county did not subgrant or subcontract a portion of HPRP funds, simply enter the total amount of the grant in the row labeled "Funds Retained by Grantee."
- Please note that Section I.B. of the HPRP Notice defines subgrantees as any private non-profit organization or unit of general local government to which a grantee provides funds to carry out the eligible activities under the grant and which is accountable to the grantee for the use of the funds provided. An agency of the grantee is not a separate unit of general local government to which the grantee can provide HPRP funds; rather, it is a representative of the grantee itself.

## 4 Combined HMIS and Comparable Database Data Quality

**Instructions:**

Report the number of clients served during this reporting period, as well as the number of adults served, unaccompanied youth served, and total clients leaving during the reporting period. Then report the number of clients with "Don't Know" or "Refused" recorded for each of the required HMIS data elements in the table below. Similarly, report the number of clients with missing data for each of the required data elements. Each record corresponds to one client served.

Data quality is based on the latest date of service for each client in the reporting period. The information entered in this screen should represent the quality of HMIS data, as well as data collected in a comparable database. If multiple databases are used across a grant, data should be merged for reporting purposes.

**Total number of records for all HPRP clients:** 187  
**Total number of records for Adults Only:** 91  
**Total number of records for Unaccompanied Youth:** 0  
**Total number of records for Leavers:** 187

Age should be calculated based on entry date closest to the end of the reporting period; or if persons were in the program during the previous reporting period, then age should be calculated for the first day of the reporting period.

The household types include:

- a) Households without Children - include single adult persons, or adults with adult companions that have never had a child in their household.
- b) Households with Children and Adults - include any household with at least one adult and one child present regardless of whether the child(ren) is present for the full program stay.
- c) Households with Only Children - include any household where all persons are younger than age 18.

Less/Same/More/Unknown Income - Count each adult in the row that corresponds with the amount of income each person had at entry and in the column that corresponds to whether the person's income at exit was less, the same, or more than income at entry. Record the person in the unknown column if income at exit is missing.

Average Change - In each row, calculate the average change in income between entry and exit for the people counted in that row in the "Income at Entry" column. (e.g., report the average change (\$) in income for the people who had no income at entry.) Calculate the average for all clients and report in the total row.

Leavers - The term "leaver" refers to persons who exited and were not in the program on the last day of the reporting period.
