PROGRAM DETAIL

Bureau: Director-Public Works	No: 000-03-0701	Department: Public Works	Program: Office of Compliance	Program No: 002
---	---------------------------	------------------------------------	---	---------------------------

Program Description:

The Office of Compliance monitors, provides oversight, and responds as appropriate to ensure compliance with all City-held regulatory permits and the Concession Lease Agreement. The Office also enforces provisions in the Lease Agreement and Standards of Practice to safeguard the City's Water and Sewer Systems as operated by Lehigh County Authority.

Goal(s):

Continue to safeguard the City's Water and Sewer Systems by reviewing the NPDES and PWS regulatory permits. Revision of City ordinances so that they are in alignment with the Concession Lease Agreement. Investigate alternative funding sources for major capital improvement projects and provide oversight of the water main replacements, High-Lift Pumps at the Water Filtration Plant, and the City's wastewater flow management, capital projects, and Act 537 planning.

Measurable Budget Year Objectives and Long-Range Targets:

- Continue to assess LCA's compliance with City Ordinances, the Concession Agreement, and Operating Standards
- Continue safeguarding City's regulatory (permits) compliance with State/Federal water & wastewater regulations
- Update City Ordinances in accordance with Concession Lease Agreement
- Develop and maintain financial assistance program for qualified low-income City ratepayers
- Manage the Regional Flow Management Strategy projects ensuring compliance with the EPA AOs, seek alternative funding options, and hold public meetings to update City Council and the ratepayers of the progress.
- Prepare Act 537 Plan ensuring availability of wastewater capacity for the region
- Continue to work with the Water & Sewer Compliance Review Board to provide venue for public input and present Annual Report
- Review regulatory, industrial, construction, and operating permits
- Increase site visits and inspections
- Maintain stewardship of Capital Programing, including Capital Cost Recovery revenues and expenses
- Continue training to maintain water/wastewater licensing
- Finalizing the Rates and Enforcement MOU

	2018	2019	2020	2021	2022
Impact/Output Measures	Actual	Actual	Actual	Estimated	Budgeted
Reports Review	290	291	278	281	281
Permits Review	3	3	1	3	6
Capital Projects	5	4	2	5	10
Watermain Replacement (miles)	4.93	0.0	0.0	1.00	3.00
Customer Complaints	13	15	13	7	10
City Water Use (gallons)	55,605,310	49,475,369	39,392,710	45,120,000	47,000,000

Budget Priorities:

To obtain the necessary resources needed, for the development and implementation of the financial assistance program for qualified low-income City ratepayers.
 To continue to fully implement the Regional Flow Management Strategy and Source Reductions projects as committed to the United States Environmental Protection Agency.
 To further implement the Act 537 as required by the Pennsylvania Department of Environmental Protection.
 To develop alternative funding options for Major Capital Improvement Projects, thereby reducing City Ratepayer financial impact.

PROGRAM DETAIL

Bureau: Engineering	No: 000-03-0702	Department: Public Works	Program: Design, Permits & Inspections	Program No: 0001
-------------------------------	---------------------------	------------------------------------	--	----------------------------

Program Description:

The primary functions of the Engineering Bureau are to provide: professional services including infrastructure capital project design and construction administration; subdivision and land development review and public improvements security administration; public improvements inspection services, design drafting, professional surveying capabilities to support the development and construction of the numerous infrastructure projects undertaken by the City and private development within public rights of ways; review of private development building permits for compliance with City Ordinances and Codes; and maintenance of permanent records of the City's infrastructure as required by State Law under the Third-Class City Code. Engineering activities include survey, design, contract document preparation, construction administration, inspection of all City streets, curbing, sidewalk, and ADA handicap ramp work, utilities, bridges, bridge rehabilitation, review of subdivisions and land developments and public improvements cost estimates, drafting all City as-built plans, curb grade plans, and block plan updates reflecting infrastructure improvements within the City. Maintain and update the Official City Maps and multiple layers of the City GIS mapping system.

Goal(s):

To continue to: complete the design, survey, construction administration and inspection services for all City infrastructure programs; be the engineering management liaison for PennDOT infrastructure projects within the City; provide Engineering support to all City Departments and Bureaus; develop, survey, design, and prepare contract documents, administer and inspect capital public works projects; provide continual training for the Computer Aided Design and Drafting System; and manage the permit system which traces all construction in the public right of way.

Measurable Budget Year Objectives and Long-Range Targets:

- Provide Engineering, Design, and Inspection Services for the construction preparation and contract administration needed to construct the 2021 and 2022 projects.
- Provide Engineering, Design, and Inspection Services for the construction preparation and contract administration needed to construct the 2021 and 2022 projects including: Street Maintenance contracts, Curb and Sidewalk contract, and the ADA contract.
- Provide Engineering, Design, and Inspection Services for construction preparation and contract administration needed to construct the 2021 and 2022 projects including: Alton Park Drainage improvements along the 29th Street corridor.
- Provide Engineering review support to Planning Bureau through review of subdivisions, land developments, and public improvements cost estimates.
- Provide Engineering design & review support to City Departments (CED, Parks, Police, Fire, etc.) and Bureaus for their Department's capital projects.
- Provide preliminary studies of City-owned parcels for possible subdivision.
- Provide support to the Property Review Committee through plan preparation, as requested.
- Continue the upgrading of the 3D CAD drafting.
- To continue the upgrading of the City's block plans and establishing accurate locations for City utilities by GPS surveys.
- To continue upgrading and editing of the following GIS system layers in City: City boundary, storm, sanitary, tax parcels, subdivisions, road edges, street centerline, easements, and miscellaneous utilities.
- Continue to Inspect projects for erosion and sedimentation control.
- Continue to administer all the various Public Works Engineering public right of way permits.

Impact/Output Measures	2018 Actual	2019 Actual	2020 Actual	2021 Estimated	2022 Budgeted
Surveys for curb/sidewalk	257	395	462	400	400
Subdivision/Land Development Reviews (Major & Minor)	71	94	109	120	120
Public Improvements Security Cost Estimate Reviews	19	20	14	14	14

PROGRAM DETAIL

Bureau: Fleet Maintenance Operations	No: 000-03-0704	Department: Public Works	Program: Fleet Services & Repair	Program No: 0001
--	---------------------------	------------------------------------	--	----------------------------

Program Description:

This program provides for the service and repair of all City owned/leased motorized vehicles and equipment via a contract with a private vendor. It includes a computerized Fleet Management System and accountability/acquisition of fuels. This program performs state inspections, road service, lubes, painting, and rebuilding of component parts for vehicles and equipment. It also stocks and issues computer-tracked parts, makes repairs due to accidents, performs welding for the fleet. This program performs intensive preventative maintenance on over 600 vehicles and extensive rebuilding/refurbishing of select vehicles, while providing 24-hour standby support.

Goal(s):

To prolong life of vehicles and provide most cost-effective services and repair. Assure timely repair support to all equipment users of City owned vehicles. To monitor the contract for the ongoing repair and maintenance of the City's fleet of vehicles. Assists in the comprehensive replacement plan for City fleet vehicles.

Measurable Budget Year Objectives and Long-Range Targets:

- Continue to update computer generated reports to track vehicle cost per mile operation.
- Reduce downtime by improving parts availability.
- Performing at least 300 - 3,000 mile inspections / 500 - 6,000 mile inspections / 115 - 10,000 mile inspections.
- Performing at least 460 state inspections.
- Tracking fuel consumption and accountability.
- Extending the useful life of the truck fleet through prepping and repainting dump bodies.
- Improve/upgrade computer database for fleet maintenance tracking.
- Continue to look for fuel saving technologies and alternative fuel opportunities.

Impact/Output Measures	2018 Actual	2019 Actual	2020 Actual	2021 Estimated	2022 Budgeted
Number of State Inspections (Annual)	489	436	432	455	460
Number of Semi-Annual safety inspection	59	71	77	70	80
Number of 3,000-mile inspections (PMA – no oil)	334	370	289	280	300
Number of 6,000-mile inspections (PMA)	464	487	476	500	500
Number of 10,000-mile inspections (PMA - Trucks)	107	102	88	90	115
Number of gallons of fuel purchased	365,683	361,406	376,005	395,000	390,000
Percent availability of fleet	98%	98%	98%	98%	98%
Number of gallons of diesel fuel purchased	147,612	149,983	152,922	164,382	150,000
Number of gallons of unleaded fuel purchased	218,071	211,423	223,083	230,339	240,000

Budget Priorities:

- To maintain and repair City fleet.
- To provide fuel for City fleet.
- To evaluate current fleet for replacement cycles.

PROGRAM DETAIL

Bureau: Building Maintenance	No: 000-03-0707	Department: Public Works	Program: Maintenance	Program No: 0001
--	---------------------------	------------------------------------	--------------------------------	----------------------------

Program Description:

This program is responsible for the preventative maintenance, repairs, and construction of all City owned buildings. Building Maintenance functions include general housekeeping and provisions for the health and safety of the public and employees. In addition to the warehousing and distribution of janitorial supplies and copy paper, this program is also responsible for the issuance of keys to all City facilities.

Goal(s):

To extend the useful life of City buildings, while ensuring the safety of the public and City personnel through regular maintenance, repairs and inspections of facilities.

Measurable Budget Year Objectives and Long-Range Targets:

- Record and evaluate the progress of all preventive maintenance programs and make changes as needed.
- Maintain approximately 15 occupied city structures with maintenance and repairs.
- Continue to provide a clean and safe environment for COA employees and citizens conducting business in City buildings.
- Upgrade equipment that can no longer be serviced.
 - Replacement of several HVAC unit
 - Vice
 - Central Fire Station
 - Bridgeworks Shop
 - Recycling
 - Replacement of heating units at City Garage.
 - Replacement of boiler at Recycling
- Plan and complete minor construction projects with in-house personnel that will enable more efficient use of existing space.
 - Finance Office renovations
 - Parks & Recreation Office renovations
- Oversee major roof repairs.
 - Bridgeworks
 - City Hall
 - Hibernia Fire Station
 - City Garage
 - Mack South Fire Station
- Manage capital construction projects to ensure compliance of code.
- Reorganization of records retention area including the installation of new shelving units.
- Develop a sidewalk maintenance program for city owned properties.

Impact/Output Measures	2018 Actual	2019 Actual	2020 Actual	2021 Estimated	2022 Budgeted
Job orders processed	661	803	720	439	1000
Capital Projects completed	0	2	0	1	1

Budget Priorities:

- Service and repair all HVAC, plumbing, and electrical systems in all City buildings.
- Provide custodial services to city buildings.
- Respond and complete work order request.
- Complete construction projects such as office renovations and roof repairs.
- Provide locksmith services for all city buildings.

PROGRAM DETAIL

Bureau: Streets	No: 000-03-0716	Department: Public Works	Program: Maintenance	Program No: 0001
---------------------------	---------------------------	------------------------------------	--------------------------------	----------------------------

Program Description:

This program is responsible for the paving and reconstruction of streets, alleys, and the restoration of utility cuts and trenches, repair of sinkholes, frost boils and potholes, crack-sealing, shaping unimproved streets, and minor maintenance of bridges. Coverage is also provided for a variety of civic service projects and for any emergency situations. This program incorporates all phases of salting, pre-wetting of City streets prior to a snowstorm event, sanding, plowing and snow removal with 24-hour coverage during the winter season (November to April). This program includes hand sweeping by City crews of City streets, alleys and certain posted areas which are not a part of the automatic sweeping program. The Streets Department is responsible for the entire removal of leaves from the city streets.

Goal(s):

To establish and adhere to a street maintenance program and to totally reconstruct and overlay some streets that will extend the useful life of the street. Provide safe and accessible streets during winter months. Provide for efficient, effective, and safe street sweeping services, and to provide a clean environment through the cleaning of storm drains. Provide an efficient and effective program to remove leaves from our City Streets.

Measurable Budget Year Objectives and Long-Range Targets:

- Investigate and expedite responses to complaints received from citizens and other City Bureaus.
- Maintain the City streets under an ongoing maintenance program.
- Continue with a measurable alley program.
- Offset the cost of total reconstruction wherever possible by overlaying streets that can be saved another 10 to 12 years.
- Continue to experiment with new cost-effective products to extend the life of overlaid streets.
- Pre-wet major roads with salt-brine before a snow event. Clear ice and snow and be prepared to start the program within 30 minutes of receiving an Accu-Weather storm warning.
- Experiment with new methods of snow and ice control.
- Continue an aggressive pothole program throughout the entire year.
- Continue the rubberized crack-seal maintenance program.
- Continue to work with utility companies on cost sharing projects to improve infrastructure and the repaving of roads.
- Continue to develop in-house seal coating program.

Impact/Output Measures	2018 Actual	2019 Actual	2020 Actual	2021 Estimated	2022 Budgeted
Number of Potholes repaired	18,971	9,566	9,009	9,000	10,000
Curb Backup (permits completed)	51	85	78	110	50
Utility Cuts & Lateral Restored (permits completed)	2	8	0	10	25
Crack-sealing (miles)	15	15	12.37	15	15
Oil-chip, fog-seal (miles)	8	0	4.73	5.8	5
Cold millings (miles)	-	-	1.93	4.5	4.5
Overlays (miles)	1.08	2.07	2.22	5	5
Reconstruction (miles)	0.18	0.13	0	.2	0.4
Strip (miles)	1.22	1.09	0	1.5	1.5
Miscellaneous (miles)	-	-	0	.75	1.5
Rock Salt Purchased (tons)	6,806	7,142	3,425	4,952	2,000
Anti-Skid Applied (tons)	282	107	0	177	100
Mix Applied (tons)	4,474	405	0	100	1,500
Number of gallons Liquid Calcium applied	3,183	1,341	90	3,000	3,000
Number of gallons Salt Brine applied	125,300	362,636	93,775	99,500	100,000
Cubic yards of snow removed	690	75	5,190	33,705	5,000
LCA Watercuts repaired	101	89	65	90	100
UGI Cost Share Overlay (miles)	0.57	1.79	5.42	7.0	6.78
UGI Cost Share Millings (miles)	0.57	1.79	5.42	6.0	6.57
LCA Cost Share Overlay (miles)	-	0	0	.5	1
LCA Cost Share Millings (miles)	-	0	0	.5	1

Budget Priorities:

- To maintain and repair roads for safe travel throughout the City.
- To properly maintain roads during snow events, which includes brining, salting, and snow removal.
- To continue to work with utility companies on cost share programs.
- To mill & pave 10 miles of roadway.
- To reconstruct .4 miles of roadway.
- To apply micro-surfacing to 5 miles of roadway.
- To strip and repave 1.5 miles of roadway.

PROGRAM DETAIL

Bureau: Traffic Planning & Control	No: 000-03-0807	Department: Public Works	Program: Traffic Planning & Control	Program No: 0001
--	---------------------------	------------------------------------	---	----------------------------

Program Description:

This program provides for the development and maintenance of a safe and efficient transportation network through the following activities: installation, operation, and maintenance of traffic control devices including traffic signals, traffic signs, and pavement markings; investigation of complaints and requests for new and/or changes to existing traffic control devices; review of building permits, street vacations, subdivision, and zoning variance requests; development of improvement schemes for new facilities and modifications to existing facilities; traffic signal design; administration of federal aid transportation programs; and traffic studies including capacity analyses, traffic counts, speed surveys, parking surveys, and accident analyses.

Goal(s):

To provide for safe and efficient movement of vehicles and pedestrians on City streets.

Measurable Budget Year Objectives and Long-Range Targets:

- Complete street program upon completion of street re-paving to include new pavement marking, curb painting, update signage and street name signs
- Upgrade the traffic signals at Mack Blvd & Emaus Ave and 12th & Devonshire
- Continue the replacement program of worn out/faded traffic signs to meet the FHWA guideline.
- Continue to perform all necessary traffic reviews for subdivision, land development, building permits permanent and temporary encroachment permits.
- Manage citywide line painting and replace thermoplastic school/pedestrian crosswalks pavement markings
- Manage State and Federally funded grant projects
- Seeking new grant opportunities to improve the City's roadway and traffic Signal infrastructure.
- Provide Traffic Signal, School Flasher's, and warning devices emergency maintenance.
- Provide traffic signal preventive maintenance (Depends upon technician's time availability)
- Address citizen's concerns and issues.
- Seeking new grant opportunities to upgrade all the existing school flashers to school zone intelligence system.

Impact/Output Measures	2018 Actual	2019 Actual	2020 Actual	2021 Estimated	2022 Budgeted
# of traffic regulations ordained	33	29	42	40	40
# of street name signs installed/upgraded	62	63	75	54	75
# of locations with marked crosswalks/Traffic Legends	73	85	120	104	140
Callouts during non-working hours/ over-time	39/71	28/64	40/52	45/80	45/80
Preventive maintenance performed at intersections	9	9	11	11	30

Budget Priorities:

- Complete the downtown traffic signal adaptive system improvement project for additional twenty more intersections.
- Project start and complete road widening and install new traffic signal and the adaptive system on Union Street at Lehigh Street and Sixth street intersections.
- Continue to provide assistance for SR.0145 (Fourth Street) Traffic Signal and Safety Improvement Project (State Project).
- Provide proper maintenance for the traffic signals, flashers, and school flashers.
- Provide proper maintenance for the new and existing signs.
- Provide proper maintenance of existing pavement markings and pedestrian crosswalks.
- Manage MTF and TASA grant funded projects; 15th Street extension and new signal @ Highland Street and Building 21 School flasher with RRFB flasher at 4th & Parkettes.
- Continue to provide assistance with Special Events.

PROGRAM DETAIL

Bureau: Communications	No: 000-03-0808	Department: Public Works	Program: Technical Services	Program No: 0002
----------------------------------	---------------------------	------------------------------------	---------------------------------------	----------------------------

Program Description:

This program provides for the troubleshooting, repair, and maintenance of the City's radio, electronic, emergency equipment along with security and camera systems. The program also provides for repair and maintenance of limited office equipment, public address systems and miscellaneous electronic equipment throughout the City. Activities also include installation and removal of all radio and emergency lighting and alerting equipment in the public safety vehicles. Police in car video systems are also maintained under this program. To provide technical support to the EOC and the City's emergency and non-emergency radio network. It also provides for technical research, design, and installation of equipment and systems as it applies to the description.

Goal(s):

To provide a reliable City-wide radio network for emergency and non-emergency services and to maintain technical support for all radio and electronic equipment in a timely and cost-effective manner in full compliance with FCC rules and regulations.

Measurable Budget Year Objectives and Long-Range Targets:

- To provide technical training for technicians in order to improve technical skills and reduce maintenance costs.
- To enhance the Public Safety Network through the continued expansion and enhancement of the Mobile Data Computer (MDC) System. Installation of new units into existing vehicles as well as installation of units in to additional vehicles.
- To enhance officer safety and reduce liability to the City through the continued upgrade of emergency lighting to **LED** technology in the Police, Fire and EMS fleet.
- To serve as application manager for the Police, Fire and EMS Mobile applications.
- To upgrade City Cameras as needed due to age.
- To install new City Cameras on city buildings for security as needed.
- To preform maintenance on all City cameras.
- To upgrade existing radios to P25 Phase 2 compliance.
- To purchase new radios to replace aging and damaged Police radios purchased in 2013.
- To purchase new radios to replace aging and damaged Fire radios purchased in 2009.

Impact/Output Measures	2018 Actual	2019 Actual	2020 Actual	2021 Estimated	2022 Budgeted
Number of training/research hours for Telecommunication technician	80	120	300	400	500
Number of staff meetings with technical service staff	4	4	3	4	4
Number of preventative maintenance inspections	0	50	100	100	200
Compliance rate of preventive maintenance inspection					
<i>2 times for portable radios</i>	0%	5%	10%	10%	20%
<i>1 time for mobile radios</i>					
Average stack time, in days, for scheduled jobs	2.37	1	3	2	3
Number of work orders completed	1,476	1,500	1,515	1,700	1,800
Number of portable and mobile radio upgrades	461	15	10	15	10

Budget Priorities:

1. Replace additional Fire & Police Portable Radios from 2009 & 2013.
2. Replace additional LED lighting on police vehicles with more safe and smart lighting.
3. Install additional GPS emitters in Police units for intersection control.
4. Send additional technicians for more radio, camera system and access control training.
5. Replace outdated cameras and equipment as funding is available.

PROGRAM DETAIL

Bureau: Street Lighting	No: 000-03-0809	Department: Public Works	Program: Street Lighting	Program No: 0001
-----------------------------------	---------------------------	------------------------------------	------------------------------------	----------------------------

Program Description:

This program provides illumination of City streets through the installation and maintenance of the street light network.

Goal(s):

To provide for the safe nighttime movement of vehicles and pedestrians on City streets. To continue to provide and maintain lighting on the City's street network, enhancing the safety of vehicular and pedestrian traffic at night.

Measurable Budget Year Objectives and Long-Range Targets:

To provide adequate street lighting for the safety and welfare of City residents in a cost-effective manner by:

- Installing new lights where necessary.
- Upgrade street light GIS mapping to show all underground wiring.
- Repair reported street light outages within a timely manner.
- Manage Citywide LED street light conversion and Telensa monitor system operation.
- Repair and maintain the Citywide lighting infrastructures.
- Manage ongoing Multimodal-DCED grant street lighting project on Mac Blvd from Emaus Ave to the 8th St underpass.
- Seeking new grant opportunities to improve the existing lighting infrastructure
- Continue to perform all necessary lighting reviews for subdivision, land development, building permits permanent and temporary encroachment permits

Impact/Output Measures	2018 Actual	2019 Actual	2020 Actual	2021 Estimated	2022 Budgeted
# of City-owned lights	7,851	8,243	8,275	8,622	8,622

Budget Priorities:

- Complete Phases 2, 3 and 4 of the Citywide LED Cobra head streetlight conversions.
- Look for grant opportunities for Phase 5 of the Citywide LED Cobra head streetlight conversions.
- Provide proper maintenance for the existing streetlights.
- Provide proper maintenance and updates to the lighting control system.
- Complete design and bid documents for Mack Blvd lighting project.
- Seek grant funding opportunities to upgrade the lighting infrastructure on MLK Jr. Drive from 8th Street to Union Street.
