Coupon for One **FREE** Radon Test Kit  
Bring this certificate to receive, free of charge,  
one 3- to 7-day radon test kit.

Pick up your kit at either Health Bureau Location  
City Hall 435 Hamilton St. 4th floor or  
Alliance Hall 245 N 6th St.

Supplies are Limited—Call 610-437-7759 for availability

Distributed by the **Allentown Health Bureau** in cooperation  
with the **American Lung Association in Pennsylvania** and  
funded by the **Pennsylvania Department of Environmental  
Protection (PA DEP)**.

- The radon test kit is easy to use—directions are included in the test kit. All costs, including postage, laboratory analysis, and results reported to your home, are included.

**Test results are reported only to you. We ask that you request a test kit only if you intend to use it and only one test kit per household.**

*Yes, I wish to receive a home radon test kit. To my knowledge, this is the first radon test in my home. I state my intention to use the test kit according to manufacturer's directions. I will use the test kit in the lowest lived-in level of my home within the next 90 days under normal closed building conditions. I also understand that there is no further obligation and that additional information is available from the Allentown Health Bureau.*
