Need to know info as the Census begins...

WARNING: 2010 Census Cautions from the Better Business Bureau

With the U.S. Census process beginning, the Better Business Bureau (BBB) advises people to be cooperative, but cautious, so as not to become a victim of fraud or identity theft. The first phase of the 2010 U.S. Census is under way as workers have begun verifying the addresses of households across the country. Eventually, more than 140,000 U.S. Census workers will count every person in the United States and will gather information about every person living at each address including name, age, gender, race, and other relevant data.

The big question is - how do you tell the difference between a U.S. Census worker and a con artist? BBB offers the following advice:

**** If a U.S. Census worker knocks on your door, they will have a badge, a handheld device, a Census Bureau canvas bag, and a confidentiality notice. Ask to see their identification and their badge before answering their questions. However, you should never invite anyone you don't know into your home**

**** Census workers are currently only knocking on doors to verify address information. DO NOT GIVE YOUR SOCIAL SECURITY NUMBER, CREDIT CARD OR BANKING INFORMATION TO ANYONE, EVEN IF THEY CLAIM THEY NEED IT FOR THE U.S. CENSUS.**

While the Census Bureau might ask for basic financial information, such as a salary range, the Census Bureau will not ask for Social Security, bank account, or credit card numbers nor will employees solicit donations.

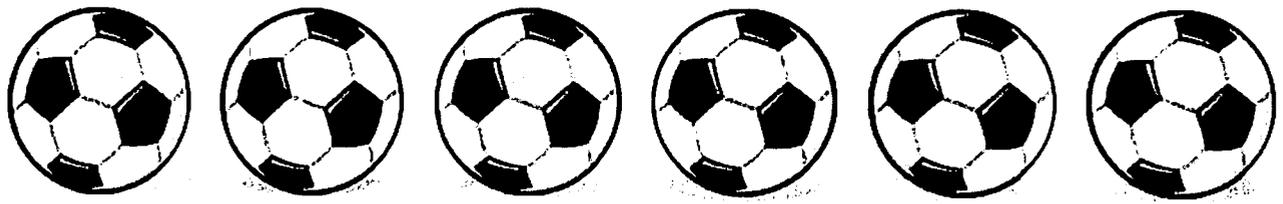

Eventually, Census workers may contact you by telephone, mail, or in person at home. However, the Census Bureau will not contact you by Email, so be on the lookout for Email scams impersonating the Census. Never click on a link or open any attachments in an Email that are supposedly from the U.S. Census Bureau.

Thanks From the Raub Family

John and Beth Raub of Wahneta Street wish to thank their friends and neighbors for their kind words, thoughts, and prayers for the safe return of their son, Jared, from a tour of duty with the U. S. Marine Corps in Afghanistan. Jared spent the last five years in the Corps and was Honorable Discharged this past August. Jared has now begun another chapter in his life...College...and is currently enrolled at Penn State University.

We are truly grateful to have Jared safely back home and to be living in such a great neighborhood. God Bless our Troops.

Thank You,
The Raub Family.

Attorney Gladys E. Wiles – Personal Injury Lawyer

The consequences of a car accident almost always extend beyond a person's initial injuries and trauma. Attorney Gladys Wiles providing one-on-one legal representation, we take steps to ensure your medical and employment benefits are promptly provided, while protecting your interests in all interactions between you and the insurance company. Our goal is to help you recover financially and emotionally from a car crash - even if you are hit by an uninsured motorist - and provide the legal tools and resources needed to hold negligent drivers, bars and restaurants and other responsible parties liable for the injuries they cause.

Building Your Case - Steps You Can Take Now:

Insurance companies want to avoid paying more than they have to when a claim is made against them. That's why it is important to preserve evidence and document everything related to your accident. Taking the following steps now will help your case later on:

1. Take photos of your injuries
2. Keep a diary of how you feel
3. Save all prescription bottles related to your injuries
4. If the driver who hit you was drunk and you know where they were drinking, write down any details you know'
5. Keep a copy of all doctor's notes, diagrams, or diagnostic results pertaining to your medical treatment
6. Keep track of missed days from work and any lost wages that result

When an Insurance Representative Wants to Talk to You: It is not uncommon for insurance claims adjusters to try and settle a case as soon as possible after an accident. Since the full effects of soft tissue injuries and some forms of head trauma take weeks or even months to appear, settling a claim early may save an insurer a substantial amount of money. If you agree to talk to a claims adjuster, provide a written or recorded statement or sign a settlement offer, you may compromise your case or waive your right to pursue legal action later. Before you agree to talk to a claims adjuster, **call Gladys E. Wiles first (610) 391-9500 for a free consultation!**
