The 2015 Neighborhood Summit is a gathering of civically engaged residents that recognize the value of working together to make all our neighborhoods stronger, welcoming places to live!

The theme of the 2015 Summit is **Connect, Learn, Do!** The planning team was deliberate about creating an afternoon that provides opportunities for residents to connect to each other, attend workshops of interest (based on survey responses) and be inspired by a dynamic keynote speaker.

Who should attend? YOU!
