

Approved Window Opening Control Devices for use by Property Owner Grantees

Below is a list of Window Opening Control Devices (WOCD) that are approved for purchase with grant funds. The manufacturers of the devices listed have reported that the devices meet the ASTM F2090 requirements. The devices can be purchased from multiple vendors and can be found by searching the manufacturer with the product #. The City of Allentown will reimburse devices up to \$25, **not including tax.**

This list **is not** considered exhaustive. If a property owner finds another WOCD that they think meets the ASTM F2090 requirements they should contact the Health Bureau at 610-437-7760 to see if the device is acceptable.
