

Distribution System Capital Projects - 2016

Cycle III - Water Main Replacement Project

4.41 miles

Cost: \$6,210,968
Completed: Fall 2016
Rate-Payer Capital Expense: 2018
Category: Schedule 7

Water Main Replacement

The Pipe Prioritization Assessment Program identifies mains that will need to be replaced using various sources of data: pipe age, break history, geology and ground subsidence history.
