September Meeting Highlights

PSA 2 Sergeant John Leonard III updated us on crimes in our area and emphasized how important it is that the community and the police department continue to work together to resolve neighborhood problems. You can email Sergeant Leonard with neighborhood concerns at John.Leonard@allentownpa.gov. Police advise us to remain vigilant. Before leaving your house, make it look like you're home. Turn on the TV or radio and turn on lights with timers. If you park your car in a garage don't leave the keys in the car thinking your car is safe in a locked garage. Lock doors at all times, set alarms if you have them, and lock cars after taking valuable items such as laptops and phones with you. If you are expecting a package and you know you won't be home when it's delivered, ask a neighbor to take care of it for you. Secure windows with air conditioners, an entry point for thieves. If you can invest in a light with a motion sensor, it is an added deterrent to crime. We are all reminded not to hesitate to call the non-emergency number (610.437.7751) to report any suspicious activity or crime in progress. As always, in an emergency, call 9-1-1.

Remember: If you see something, say something.

How safe are you?

Here's a list of crime prevention tips in the form of questions that Crime Prevention Officer Toth shared at a recent meeting. They will guide you toward making your property safer from crime.

- Do you have any motion lights outside around your house and garage?
- Did you leave a porch light on while you're away?
- Did you lock your doors and windows?
- If you have an alarm, do you set the alarm when you leave the house?
- Does your alarm company and the city have updated contact information in case your alarm goes off and they need to contact a keyholder?
- Is your garage locked?
- Is your car locked in your garage?
- Do you have a spare key in your vehicle- bad idea!
- Are the bushes cut down around your house so no one can hide in them?
- When going on vacation- did you notify your neighbors and police department to do a vigilance check of your property.
- Do you have any lights on timers in your house?
- If its winter now, did you remove any window air conditioners?

Remember: If you see something, say something!

Tip for calling 9-1-1

If you hear an intruder in your home, stay where you are and call 9-1-1. You don't have to say anything, just leave the line open and don't hang up. This works with land lines and cell phones alike.
